

Solar String Combiner Box

(50 KWp - 250 KWp)

Unmatched Protection and Control for
Solar PV Installations

Model	GD10xx
Capacity	5 to 125KWp
Application	Commercial / Industrial
System Type	Grid Tie
System Voltage	1000VDC
No. of MPPT	Upto 6
Compatible with	All Grid Tie Inverter

Why Choose Us?

-  IP 65/66 Protected
-  Short Circuit & Overload Protected
-  Over Voltage Protected (Y-PV)
-  No Air Condensation
-  Tinned Cu Wired With FBXL - XLPO insulation & UV resistant
-  Tested Wire Harnessing to Ensure High Conductivity
-  Easy to Install & Service
-  Energy Efficiency
-  Designed for Reliability & Safety
-  Higher Return on Investment
-  Increase Uptime
-  Reliable in Extreme Conditions
-  Stabilizer Your Network
-  Designed for 25 Years Life Time
